RIVERVIEW TO HOST WORKSHOP - CREDIT WHEN CREDIT IS DUE

Riverview will host a Credit When Credit Is Due Workshop series starting August 26 - September 16, 2008. This FREE Nationally recognized 12-lesson course covers a wide range of topics from talking about money to handling personal responsibilities. Once a member completes the courses their information is stored in a database and will be sent a post card for each credit bureau. The member will then send the post card to each reporting agency to have their credit score increased by 30 points. The member will also receive a card with their book number to show they have completed this course.

Consumer Credit will provide the books and materials and Riverview will provide dinner each evening during the 12-lesson course. Courses are held twice a week on Tuesday and Thursday from 5:30 to 8:00 pm at the Marietta Riverview Credit Union Office. You must attend all classes to receive the increase in your credit score.

For more information regarding this workshop please contact Johnna Rowley at 1-877-647-8664. Seating is limited so please call now and reserve your seat. (This course is open to the membership and to the public.)

PROTECTING YOUR IDENTITY

The number of Americans who have experienced identity theft has surpassed 27 million, with the incidence rate increased every year. Substantial measures are in place at your Riverview CU to protect your identity and your accounts against theft and fraud. The following are a few tips to protect your identity:

1. Do not give out financial information such as checking and credit card numbers, or your Social Security Number, unless you know the person.
2. Report lost or stolen checks immediately. RCU will block payments.
3. Notify Riverview of suspicious phone inquiries such as those asking for account information to “verify a statement” or “award a prize.”
4. Closely guard your ATM Personal Identification Number and ATM receipts.
5. Shred any financial solicitation and credit union statements before disposing of them.
6. Put outgoing mail into a secure, official Postal Service collection box.
7. If regular bills fail to reach you, call the company to find out why.
8. If your bills include questionable items, don't ignore them. Instead, investigate immediately to head off any possible fraud.
9. Periodically contact the major credit reporting companies to review your file and make certain the information is correct.
